NEWS RELEASE

NEW FEATURES

Your 1989 Vernon Directory contains some New Features

- **A new Alphabetical Business Section**

In addition to the normal business listings in alphabetical sequence, the total number of employees is given as well as the number of years a business has operated. Also, another new feature in this section is an indicator which highlights all new or changed businesses since the previous issue.

- **Changes to the Street Section**

An indicator has been added to highlight businesses and the number of years a business or residence has been located at the given address.

- **The Telephone Section** has had an indicator added to identify business telephone numbers.

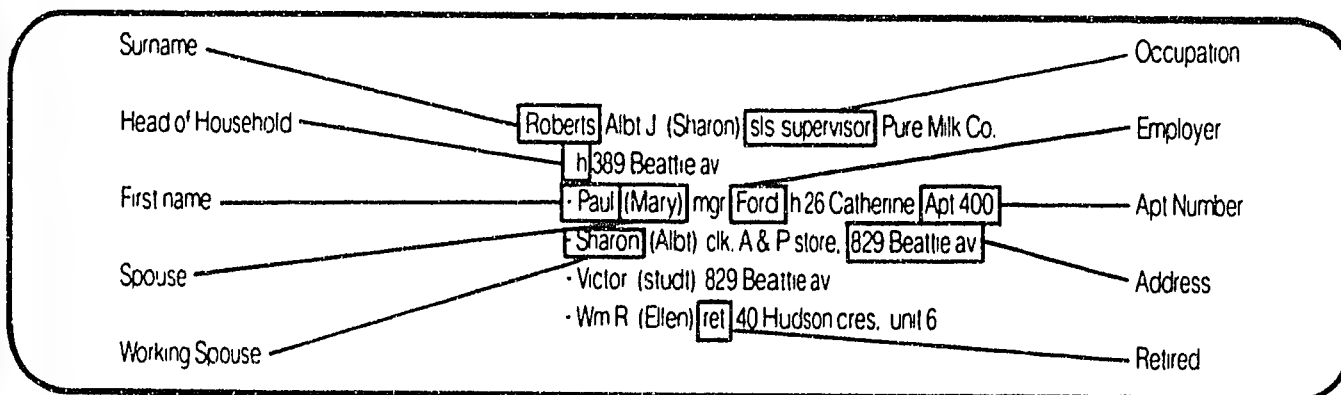

The expanded listing format has been developed in response to subscriber needs for more information.

All new features are provided based on availability from original sources during enumeration. This file will significantly increase with our second issue as it requires two complete cycles to achieve desired penetration.

Residential Alphabetical

Names of all adult persons showing householder, occupations, where employed and street address.

The content of this section of the City Directory is compiled from original sources including door to door and telephone enumeration, information supplied by Info-Direct Division of Tele-Direct (Publications) Inc.

Great care has been exercised in the gathering, compiling and printing of this directory. However, no responsibility is assumed by the publisher for any errors or omissions which may have occurred in gathering, compiling and printing of this information and the publisher expressly disclaims any and all liability beyond the cost of this volume.
